Subject: Return of Montauk Trustee Property
Importance: High

Gene,

You were paid to accept a contract which you have since abrogated and abandoned. I don't see how you can even claim to keep the retainer, much less how you can claim further payments specifically not provided for in the contract.

I am neither arrogant, petulant nor a child. All papers and filings in this matter were paid for by the MFOP/Montauk Trustee Corporation. You have no claim to them whatsoever and I believe that your methods or claims to keep them may be criminal in nature. "Theft" may be the least of our claims against you.

I hope and I pray that our time is not running out. I believe that the court wants our matter heard and knows of our problems with you. My duty is not only to Montauk but to the court, and they know that I know it. It may cost you not to have this same understanding.

Please return our property forthwith so that I can release you from the October 16th, 2004 contract. I can wait, but I'm not sure that you have the same luxury.

Yours,

Robert A. Ficalora
CEO
Montauk Friends of Olmsted Parks / Montauk Trustee Corporation.

Dear Mr. Ficalora,
No signed release; no payment; no record. Do your best.
Stolen property? Grow up, Bob. Save face, stop being an arrogant, petulant child and conduct your business in a professional manner. Take the deal while you can. Time is running out.

"Millions in charity...not a penny in reparations."
